

CodeCruX Mobile Apps

SOCIALVITE

Socialvite is the first truly social app of its kind with in-life event planning and messaging focus. Whether it's a spontaneous happy hour, an impromptu after party, a backyard pop-up show, or a pub crawl with multiple stops, Socialvite makes it easy to connect with others via a consolidated, mobile platform.

WIZCAL

WizCal is an AI assistant for scheduling all your customer, partner and team meetings in seconds.

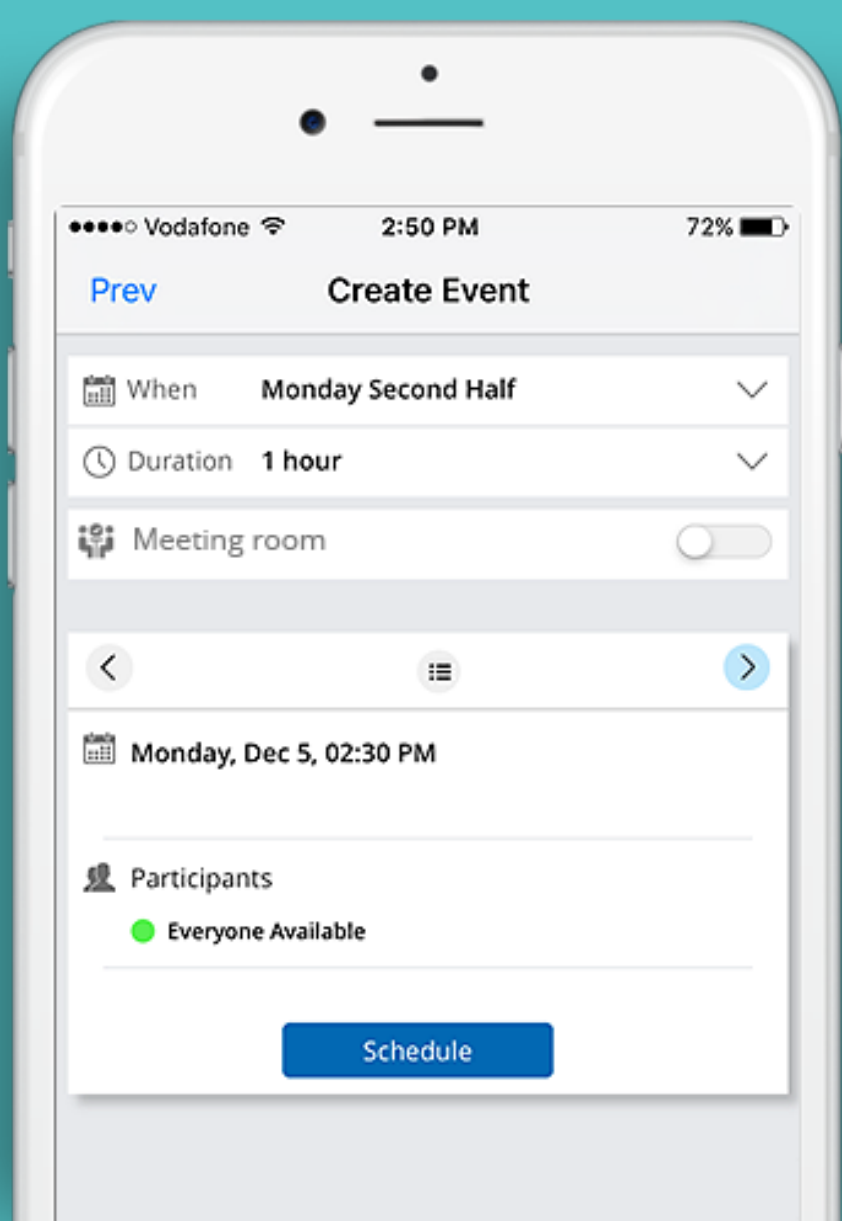

Scheduling meetings on the go has never been easier.

1. Specify when you want to have your meeting. For example “Friday Anytime” or “Early Next Week”.
2. Enter names of your meeting participants.
3. WizCal will find the best time to meet everyone in seconds and you can book your meeting with a single click.

Smart time zone support: If your meeting has participants from more than one time zone, WizCal assistant will suggest times that work for all time zones.

Automatically finds time for participants who are WizCal users & outside your organization: Invite your partners and vendors to WizCal and find time automatically. No more back and forth emails.

Enable your customer or partner to pick a meeting time that is mutually convenient: Share a link to the combined availability of a group of participants in your organization with an external participant, so that the external participant can pick a time that works for all.
